Re: file corrected Application Papers
App #: 10/623,945
Filing date: 08/01/2003

Dear USPTO,

On 11 Oct 2004, I sent in another copy of my application because it appears that the second time I filed the application that the letter was received along with all the forms but that the application itself was lost.

I received a reply on 10/25/2004 indicating that your office received my corrected application for the correction of changing the line spacing to 1.5 spaces/line. However, I also received a "Notice to file corrected application papers" saying again that 1 ½ or double spacing was needed. The corrected application sent on 11 Oct 2004 was all printed in Microsoft WORD with 1.5 line spacing.

So I am sending another copy. I have changed the font size to 12 points, removed all bold face printing, and put the specification, abstract, and claims on separate pages in the hopes that this will correct whatever your office feels is needed to scan my application.

If there is any reason why this corrected application is not acceptable, would you PLEASE put down the specific reason it is not acceptable and send back one page of my application with the changes you need handwritten upon the page. This would greatly help me to understand what it is that is not allowing my application to pass forward. You can also call me during the workday at 408-955-5480 if you would like to discuss this. Thanks much.

Ted J. Cooper
